

On February 15, 2012 a new provision requiring disclosure of HF constituents will become effective in New Mexico. Please see paragraph B below. Note that the information required at this time is nearly identical to that required on Frac Focus, however, the OCD will require the information on their form and will not accept the Frac Focus forms as submissions.

19.15.16.19 LOG, COMPLETION AND WORKOVER REPORTS:

A. Within 20 days after the completion of a well drilled for oil or gas, or the recompletion of a well into a different common source of supply, the operator shall file a completion report with the division on form C-105. For the purpose of 19.15.16.19 NMAC, a hole drilled or cored below fresh water or that penetrates oil- or gas-bearing formations or that an owner drills is presumed to be a well drilled for oil or gas. The operator shall signify on form C-105, or alternatively on form C-103, whether the well has been hydraulically fractured.

B. For a hydraulically fractured well, the operator shall also complete and file the division's hydraulic fracturing disclosure form within 45 days after completion of the well. The hydraulic fracture disclosure form shall include the well API number; the well name; the well number; the well location by unit, lot, section, township and range; the county where the well is located; the well's surface and bottom hole locations by footage from the section line; the operator's name and address; the operator's OGRID; the operator's phone number; the fracture date; the well's production type (oil or gas); the pool code; the well's gross fractured interval; the well's true vertical depth; the total volume of fluid pumped; and a description of the hydraulic fluid composition and concentration listing each ingredient and for each ingredient the trade name, supplier, purpose, chemical abstract service number, maximum ingredient concentration in additive as percentage by mass, maximum ingredient concentration in the hydraulic fracturing fluid as percentage by mass; certification by the operator that the information included on the hydraulic fracture disclosure form is true and complete to the best of the operator's knowledge and belief; and the signature, printed name, e-mail address and title of the operator or operator's designated representative. The division does not require the reporting of information beyond the material safety data sheet data as described in 29 C.F.R. 1910.1200. The division does not require the reporting or disclosure of proprietary, trade secret or confidential business information.
